James "Big Daddy" Brassler

A whole year has passed and you are missed as much today as the day you were taken away from us. I am so sorry that you were cheated -- cheated out of all our plans, cheated from seeing your next grandchild, cheated from living the life we had hoped for.

We will go on; you taught us how to

survive tragedy and pain. I miss you every day and the joy that we shared. Your death was a tragic but a totally preventable accident involving a motorcycle and inattentive car driver. My hope is that all drivers learn from this tragedy to stop and look twice before proceeding because if this can happen to us it can happen to anyone. We love you Jim, our "Big Daddy", and we know that you that are riding that big Harley in the sky. Ride Free. Love always, Maureen, your loving family, Wayne County HOG, K&D Disposal and all your many friends.

Two years have passed since you were taken from us and you are missed as much today as the day we lost you. Some friends have joined you Mary Kay, Backroads Jim, and Wes. I know you are all up there having a grand time. I miss you every day. You have a new granddaughter and your kids are well. I hope those who read this will remember to stop at intersections and look twice before proceeding through. The life you save is as precious as Jim's was. Big Daddy you are loved forever. Ride Free. Love Always Maureen, your loving family, Wayne County HOG, K & D Disposal and all your many friends.
